Muhammad Amer Aizat Bin Hussin

Frontend Developer

Melaka, Malaysia | +60163166465 | ameraizat98@gmail.com | Portfolio

Summary

Frontend Developer with expertise in React, TypeScript, and Tailwind CSS, focused on building responsive, scalable web apps. Skilled in integrating APIs and optimizing UI/UX. Currently at Kakitangan, Malaysia's leading HR/payroll platform. Passionate about continuous tech improvement.

Work Experience

Kakitangan — **August 2024 - Present**
Frontend Developer — Kuala Lumpur, Malaysia
Kakitangan

- Developed and maintained scalable HR software features using React and TypeScript, achieving a 20% improvement in UI performance.
- Collaborated with cross-functional teams to troubleshoot and resolve critical bugs, directly addressing the three main causes of application crashes and enhancing user experience.
- Implemented a rigorous peer review system for pull requests, resulting in a 30% reduction in post-deployment bugs while upholding best practices in code quality across all department projects.
- Engaged with backend teams for API design discussions, ensuring a smooth development process through effective collaboration.

Matc Technologies — **October 2022 - December 2022**
Assistant IT Support Engineer — Masjid Tanah, Melaka, Malaysia

- Provided technical support for day-to-day IT operations, resolving 95% of issues within SLA.
- Managed company network infrastructure, including firewalls and servers, ensuring 99.9% uptime.
- Set up and configured new computers for employees, reducing onboarding time by 30%.

Education

University College of Agroscience Malaysia — **june 2017 - june 2019**
Computer Networking — Diploma
3.6
