

Amer Aizat Hussin

0163166465 | ameraizat98@gmail.com | MASJID TANAH, MELAKA

Summary

My last job at MATC Technologies got cut short because of a company financial problem so I am looking for a new opportunity. I am a very hardworking person, willing to learn anything, and have a self-taught attitude.

In the past 1 year, I have been self-taught myself how to be a Frontend Developer. I mainly use React to develop a web application but I am willing to learn any framework or library
